

Amalfi Coast

Building memories for you.

Destinations

ITALY

When we think of Italy, we think of art, history, architecture, fashion, cuisine & food... and much more! Italy always has more surprises in store, with its strong regional diversity and history, from the northern lakes in Lombardy, to the magical Venice in Veneto, and including Piemonte, the Cinque Terre region, and Tuscany, home to Florence, the heart of the Renaissance, and delightful medieval hilltop towns. There are more surprises as we travel down to Rome, the Eternal City, and the charm and beauty of the Amalfi Coast, Sicily and Apulia, the sunny “heel” of the Italian “boot”. Every corner of Italy is home to a wide variety of traditions, food, recipes, dialects and expressions. We will take you into a true travel experience, to grasp the essence of local culture, the dolce vita and beyond.

FRANCE

France is one of the most popular destinations in Europe. The cradle of cuisine, cinema, and fashion, France has 96 different “départements” with an extraordinary variety of regional identities. The glamorous French Riviera & Cote d’Azur on the Mediterranean coast in the southeast, internationally known for its beauty, sun, and turquoise sea. Provence with its lavender-coloured fields, its bright alleys, and the rose-tinted Camargue. From Bordeaux to Burgundy, and the Loire Valley, perfect destinations for wine-lovers and French culture enthusiasts. Not forgetting Paris itself, the magical City of Light, and its chic boulevards. As Audrey Hepburn once said: “Paris is always a good idea.” And we can only agree!

UNITED KINGDOM

London is a hub of innovation, style and a cosmopolitan lifestyle, and we have hand-picked the top spots to make for exceptional tours! What’s more, venture outside London and you’ll find that Britain has some of the world’s most beautiful countryside and landscapes, a rich tapestry of Kings, Queens, poets, and academics (and rockstars...) who have left some beautiful examples of architectural heritage to explore and admire. From the mysterious Stonehenge to fascinating historical castles, or the quintessentially British journeys through the Cotswolds, or else the romance of Irish Gothic castles and medieval Scottish estates. Our experiences are designed for the traveller who wants a bespoke tour.

Florence

Highlights of Florence

This is the ideal trip for someone who would like to have a memorable experience in one of the most beautiful and artistic cities in Italy, while making good use of the precious time you have available. From Rome you will set off on a journey by fully-equipped car and an English-speaking driver. Once you arrive in Florence, the first stop will be “Piazzale Michelangelo” (Michelangelo’s Square), where you may admire a spectacular view of the city. Then we will go down the hill that overlooks Florence and cross the River Arno to “Piazza della Signoria”, the most important square in Florence. Here we find **Palazzo Vecchio**, a historic building, center of the political city life in the 13th century. From here you may either continue your tour independently, with the suggestions of our knowledgeable driver, or go on a walking tour with one of our excellent licensed city guides. If you like, you could continue with a visit to “**Santa Croce**”, the Basilica of the Holy Cross with its 16 chapels adorned with frescoes by Giotto and his students. Here the former Franciscan dormitory is now the “Scuola di Cuioio” (leather school), where you can view leather-workers at work making leather goods, which they sell in the shop next door. Then you could stroll on to “**Ponte Vecchio**”, Florence’s symbol, also known as “Ponte D’Oro” (Golden Bridge) due to its numerous, historic jewellery shops. And, last but not least, a visit to Michelangelo’s world-famous David, at the **Academy Gallery**. Obviously, between one stop and another, we will also pause to have lunch at a restaurant in the old city center. Here we will have the opportunity to taste typical local dishes with an excellent glass of Chianti Wine.

Siena & San Gimignano

Piazza del Campo (Siena)

Medieval beauty and Tuscan countryside

Visit the medieval beauty of **Siena**, and tour the Tuscan countryside, including **San Gimignano**, on a day-trip from Rome. Your journey will be by fully-equipped car, and you will be accompanied by a knowledgeable English-speaking driver. Siena's most prosperous era pre-dated the Renaissance, so a lot of the city is in the older Gothic and Romanesque medieval styles. The Gothic and Romanesque **Cathedral**, built in stunning black and white marble, with a magnificent interior, is a must-see. The city is also home to an important religious center, as it was the birthplace of **St. Catherine** (the Sanctuary is devoted to her worship). The 700-year old university is still in operation, holding summer schools in Italian. And **Piazza del Campo**, overlooked by the giant Torre del Mangia, the tower of the Palazzo Pubblico, with its shell shape, is definitely one of the most striking pieces of architecture in the world. It represents the meeting-point of the three hills on which Siena was built. It is where the Palio is run, a unique bareback horse race which dates back to Middle Ages. The whole city is caught up in the atmosphere, and it attracts visitors from all over the world. San Gimignano is located in the countryside between Siena and Florence and once as an important relay point for pilgrims on the Via Francigena, the most ancient route to and from Rome. The patrician families, who controlled the city, built some 72 tower-houses (up to 50m high) as symbols of their wealth and power. Only 14 have survived, but San Gimignano has retained its feudal atmosphere and splendid appearance. During the tour we will stop off for a typical Tuscan lunch.

Assisi & Deruta

In the footsteps of San Francis

Visit **Assisi**, the town of Saint Francis, and enjoy **Deruta**, famous for its beautiful ceramics. Your journey will be by fully-equipped car, and you will be accompanied by a knowledgeable English-speaking driver. Assisi, birthplace of **Saint Francis** and Saint Chiara, is a city full of spirituality, and it has several beautiful old churches. The “**Basilica of St Francis**”, a great monument to the Saint built after his canonization in 1228, contains frescoes by great artists such as Giotto, Cimabue and Lorenzetti. The “Cattedrale di San Ruffino”, the “**Basilica di Santa Chiara**” and the “**Basilica degli Angeli**” are also worth visiting. The last of these was built over, and around, the tiny chapel, the Porziuncola, where the angels visited St Francis. Besides its many churches, Assisi also has some fine non-religious buildings and architecture, such as the “Piazza del Comune” with its tower, the “Palazzo del Comune” and “Palazzo del Capitano del Popolo”. During the visit to Assisi, we will stop for a typical local lunch. Afterwards, we will head for Deruta, a picturesque hill town near Perugia, in Italy's Umbria region. Long known as a center for making the beautiful majolica ware, Deruta is still famous for its **ceramics**, which are exported worldwide. The local clay was especially good for making pottery, and production began in the early Middle Ages. However, it reached an artistic peak in the 15th and early 16th century, with highly characteristic local styles making Deruta the city where the finest Italian majolica is produced!

Your journey takes you from Rome to the **Gulf of Naples**, where Mount Vesuvius erupted in 79 A.D., destroying the towns of Pompeii and Herculaneum. On your full-day tour from Rome you'll drive down the "Highway of the Sun", crossing the area known as Castelli Romani, dotted with enchanting medieval villages. During the journey you will pass the ruined Abbey of Monte Cassino, destroyed during the Second World War. We arrive in **Pompeii** to visit the famous excavations at about 10:00 am. A thrilling archaeological journey unfolds as you walk through the ancient ruins which were buried in ashes, after Mount Vesuvius erupted almost 2,000 years ago. On the way back, we drive to Naples, surrounded by a breathless panorama from **Posillipo**, the highest spot in Naples. You can stop for an optional lunch in one of the many waterfront restaurants along the bay serving excellent fresh fish (just caught!), and shopping in the many small shops offering local products from Naples. After stopping off for a photo at Naples' impressive **Castel dell'Ovo**, you'll continue through Naples' historic center, passing through the most beautiful historic sights, including the Royal Palace, Basilica of San Francesco di Paola, San Carlo Opera House, Gallery of Umberto I and the majestic Castel Nuovo. Finally, we drive back to Rome.

Florence

Chianti

Heart of Florence and Chianti

Visit Florence’s top sights, and enjoy a countryside tour in the world-famous Chianti Classico Region for wine-tasting. Generally, we start the tour with pick-up in Livorno port, right on the quayside, so you will find us immediately as you get off the ship. You will set off on a journey by fully-equipped car, and with an English-speaking driver.

Once in Florence, the tour starts from Piazza San Marco. Here you visit the peaceful and beautifully maintained old Dominican monastery, one of the most delightful museums in Florence, with important frescoes and paintings by Fra’ Angelico. Then you can take a stroll to the famous San Lorenzo market, and stop for an outside view of the Medici Palace.

A few steps more and you reach the Duomo and Baptistery, the religious center of the city, and Piazza della Signoria, the political center. Between the two, you could stop off for a nice espresso in one of Florence’s historic cafés. From here you can walk to the medieval district of Florence and the “Ponte Vecchio”, also known as the “Golden Bridge” due to its numerous, historic jewelry stores.

Afterward, you drive to the Chianti region, passing through breathtaking countryside and pretty hilltop towns. Here you stop for a typical Tuscan lunch in a medieval village. We continue to a family-run winery, where a passion for wine-making has been handed down from father to son for generations. Today, that passion is combined with modern technology to meet the highest standards. Here you will taste a selection of white, red, Super Tuscan and Vin Santo wines, with a full explanation of how wine is made, and how it is connected to local food and culture. From here we head back to Livorno.

During the tour we will stop off for a typical Tuscan lunch.
